

FOR IMMEDIATE RELEASE:

North American Marketing News: Polar Star Consultants, LLC, appoints Greg Garner as Vice President of Operations and Tulsa area Sales Manager

HOUSTON, TX — April 22, 2013 — Polar Star Consultants, LLC, a Houston, TX based engineering and marketing consulting firm, announces the appointment of Gregory M. Garner as Vice President of Operations and Tulsa area Sales Manager.

Mr. Garner comes to Polar Star with approximately 8 years experience holding various positions in technical services and transportation coordination. Most recently he served as a Systems Controller for a Tulsa, Oklahoma charter airline operation. Prior to his role in Tulsa he worked for a Houston based air routing company as a Flight Planning Services Coordinator. “Greg’s experience positions him to provide valuable operations input at Polar Star”, says James Garner, President of Polar Star Consultants. “He is the individual we need to help Polar Star grow in the oil and gas sector in Tulsa and positions us to expand into other business disciplines.”

For more information about Houston-based Polar Star Consultants, LLC, and how their services benefit the unique needs of small to medium oil and gas, manufacturing, and service companies, contact James Garner at (281) 797-5186, or e-mail james.garner@polarstarconsultants.com. Visit the company website at www.polarstarconsultants.com.

Polar Star Consultants, LLC, based in Houston, Texas, was founded in 2010 as a group of marketing and technical professionals providing business strategy consultation, technical services, product and services marketing, brand management, and sales promotion for small and medium size oilfield manufacturers, supply, service, and production companies.
